INDEX

VOL. XXVI, 1932-33

Note.—In this volume two series of numbers are used for pagination, one being the sectional page number and the other the volume page number. The latter only is used in the Index.

- Abdomino-thoracic** incision for exposure of kidney, 482
- Abortion**, contagious, in cows, relationship to sterility, 1204
- Accidents**, fatal and non-fatal, in factories and workshops, cases reported in 1931, 945
- Acetone** in urine following ether anaesthesia, time incidence of finding, 351
- Acetonuria** and post-anaesthetic toxic symptoms, effect of pre-operative administration of insulin on, 351, 352
- Achondroplasia** and dwarfism, atypical growth of cartilage as fundamental factor in (H. A. Harris and A. E. Russell), 779
case of, as example of disorder of growth of cartilage, 783
cured coeliac disease, 1351
with kyphosis, case of, 1019
- Acrodermatitis atrophicans** (Herxheimer), Erythromélie of Pick, cases of, 498, 1299
chronica atrophicans, case for diagnosis, 838
- Actinomycosis** of hand, primary, 750
of lung, case of, 513
- Acusticus** tumour, two cases of, with clinical and pathological reports, 1309
- Adam, J.**—Discussion on treatment of chronic suppurative otitis, 1115
- Adams, W. Stirr.**—Discussion on acute and chronic inflammatory disorders of ethmoidal and sphenoidal sinuses, 981
on early or late operation in acute mastoiditis, 742
- Addison's disease**, case of, 830
- Adenitis**, general, case for diagnosis, 1356
- Adhesions** in ovarian tumours, 1437
- Age**, old, whooping-cough in (A. J. Hall), 1146
- Ainsworth-Davis, J.**—Papilloma of bladder, 1354
- Aitken, D. McCrae.**—Congenital absence of hand, 791
encephalitis lethargica, 104
two cases of tuberculous osteomyelitis of patella, 1333
ununited fracture of tibia and fibula, 1340
- Alcoholism**, chronic, degeneration of brain in (E. Marchiafava), 1151
- Alexander, J. Browning.**—? chronic lymphoid leukaemia in a woman, 373
- Alimentary** canal in cats, movements of, influence of unilateral labyrinth-extirpation on (J. W. Le Heux and A. de Kleijn), 1580
- Alkalosis**, pyorrhoea in relation to, 1408
- Allen, C.**—Discussion on physiological basis of the neuroses, 1460
- Allen, H. W.**—Acute generalized lichen planus obtusus following neosalvarsan and bisoxyl injections, 998
discussion on jaundice, 588
- Allergy** and bronchial asthma, history of (E. Stolkind), 1120
- Allott, E. N.**—Discussion on treatment of the anemias, 634
- Alzheimer's disease**, 1078
- Amyoplasia congenita**, case of, 287
- Amyotrophy**, syphilitic, case of, 851
- Anæmia**, chlorotic, 1367
with dwarfism and rickets, 1365
during sprue, in Java, found only in Europeans, 763
hæmolytic, of newborn, three types of, 1360
hypochromic, treatment with iron and ammonium citrate, results in 50 cases, tables, 626-629
in ankylostomiasis, origin of, 765, 770
microcytic, hæmochromic, iron therapy in treatment of, 623
idiopathic, treatment of, by artificial menopause, 512
treatment of, by iron, 607
nutritional, showing koilonychia, case of, 1535
of Von Jaksch, case of, 1359
pernicious, deaths from, statistics, 764
in Java, found in Europeans only, 763
stomach extracts in treatment of, 1341
treatment of, 617
cost of, 614
persistent œdema of left leg with, 829
post-hæmorrhagic, 617
probably alcoholic jaundice. Case of, 1375
severe, in a new-born child, 1372
splenomegaly with, case of, 370
subchronic hæmolytic (erythronoclastic), 1536
with leucocytosis and high percentage of eosinophils; ? syphilitic pseudo-leukæmia; ? eosinophilic leukemia, 1541

- Anæmias**, classification of, 616, 617
 due to depression of bone-marrow function, 617
 hæmolytic, 617
 nutritional deficiency, 617
 treatment of, discussion on, 607
- Anæsthesia** in animals, some aspects of, discussion on, 533
 in intracranial surgery, discussion on, 953
 in uterine inertia, 1503, 1506, 1508
 modern aids to (C. F. Hadfield), 159
 pure gas and oxygen, 163
 spinal, late results of, 503
 nervous sequelæ of (H. K. Ashworth), 501
 synergistic methods in, 163
- Anæsthetic**, importance of, in operations for appendicitis, 190.
- Anæsthetics**, basal, recent progress in, 159
 various, and rise in blood-sugar, relationship between, 348
- Analgesia**, following spinal anæsthesia, 502
- Andrews**, W. Horner.—Discussion on plant poisoning in man and animals, 1267
- Aneurysm** of left ventricle, two cases of, 518
- Angelo-fibro-sarcoma**, two cases of, operated on by diathermy $8\frac{1}{2}$ years and 4 years ago respectively, 907
- Angeloma**, cavernous, of left upper lid: operation, 457
- Angiosarcoma** of external ear, 243
- Angina** with recent coronary thrombosis, myocardial infarction, and cardiac aneurysm, 139
- Angiomatosis retinae**, two cases of, 1036
- Aniline poisoning**, reported cases of, 1910-1931, 944
- Animal disease**, heredity as a factor in, discussion on, 377
- Animals**, anæsthesia in, some aspects of, discussion on, 533
 and man, plant poisoning in, discussion on, 1267
 larger domesticated, infectious sterility in, 1192
 sterile, infection in genital tract in, incidence, nature and significance of, 1196
- Ankylostomiasis**, anemia in, origin of, 765, 770
 case of, 1359
 in Java, diet in relation to, 771
- Anterior chamber**, atrophied calcareous lens dislocated into, 311
- Anthrax**, cases of, reported in 1910-1931, 944
- Antrum**, roots of teeth accidentally forced into, skiagrams of two cases, 241
- Anuria**, calculous, 931
- Anus**, congenital deformity of, incontinence of feces and, 589
 epithelioma of, treated by radium, 589
 imperforate, operation for, 589
- Aorta**, branches of, congenital abnormality of, 828
 co-arcation of, cases of, 154, 1537
 descending, calcification and tortuosity of, and aneurysm of aortic arch. *Tabes dorsalis*, 830
- Appendicitis**, acute, early diagnosis in, 182, 183, 186
 early operation in, 187
 indications for immediate operation, 189
 later stages of, treatment in, 188
 operation in, importance of anæsthetic in, 190
 treatment of, discussion on, 181
- Appendicitis**, obstructive type, danger of, 183
 treatment of, early and unperforated appendix, 186
 some rules for, 184
- Archer**, H. E., and **Kettle**, E. H.—The differential diagnosis of tuberculo-silicosis, 811
- Arm**, one, congenital enlargement of, case of, 517
- Armstrong-Jones**, Sir Robert.—Discussion on mental and physical symptoms of pre-senile dementias, 1087
- Arsenic** and bismuth, ? pigmentary and atrophic lichen planus following administration of, 997
- Arsenical dermatitis**, unusual case of, 996
 keratoses: multiple basal-cell carcinomata and arsenical "warts," 1553
 pigmentation and hyperkeratosis, 745
 poisoning, cases of, 1910-1931, 944
- Arteritis**, proliferating, in right eye, 457
- Arthritis**, acute suppurative, of knee-joint, discussion on, 1279
- Asbestosis**, compensation and periodic examination of workers, 948
- Ascorbic acid**, scurvy treated with, 1533
- Aseptic** bilateral urinary calculi, 925
- Ashby**, W. Ross.—Physiological basis of the neuroses, 1454
- Asherson**, N.—Chronic mastoiditis with functional paralysis of leg. Operation: Recovery, 567
 Post-operative mastoid fistula: closure by use of temporal muscle transplant, 567
 Tumour in middle ear: case for diagnosis, 243
- Ashworth**, H. K.—Nervous sequelæ of spinal anæsthesia, 501
- Aspirin**, hypersensitivity of asthmatics to, 408
- Asthma**, bronchial, and allergy, history of (E. Stolkind), 1120
 vasomotor affections of nose and their relation to, discussion on, 405
 cases of, statistics from Clinic for Allergic Diseases at Leiden, 409
 hypersensitivity to aspirin, 408
 recovery after nasal treatment, two cases of, 417
- Ataxia**, cerebellar, hereditary, 302
- Athetosis**, case of, 527
- Atlanto-axial joint**, dislocation of neck at, case 136
- Attlee**, J.—Atrophied calcareous lens, dislocated into anterior chamber, 311
 Pemphigus of conjunctive, 311
- Aubin**, A., and **Lemaître**, F.—Ætiology and treatment of acute and chronic inflammatory disorders of posterior sinuses, 969
- Auditory meatus**, external, fibroma of, in boy aged 10 years, 568
 nerve tumour, bilateral, in case of multiple neurofibromatosis, 566
 perception of words, conscious, congenital deficiency of, case of, 509
- Aural vertigo**, division of eighth nerve in treatment of, 689
- Autobiographies** of British medical men (W. J. Bishop), 398
- Avertin**, as basal anæsthetic, use of, 160
- Avitaminosis** in animals, difficulty in producing, 993
- Azygos Vein**, accessory lobe of, two cases of, 148

- Backache** following spinal anaesthesia, 503
- Bacharach, A. L.**—Discussion on the new British Pharmacopoeia, 869
- Bacillus fusiformis* and *Spirochaeta schaudinni*, distribution of, in lesion of tropical ulcer, 167
- Bactericidal** or bacteriostatic properties of urine in patients with ketosis, 227
- Bacteriemia** in pneumonia (G. J. Langley), 1139
- Bacteriology** in cases of infected bilateral urinary calculi, 927
- Baldness**, premature, in a female (masculine type), with sebaceous adenomata, 749
- Ballantyne, A. J.**, Case showing multiple congenital abnormalities, 313
- Bamber, G. W.**—Arsenical pigmentation and hyperkeratosis, 745
- Folliculitis sycosiformis atrophicans capillitii, 1003
- Intra-epidermal carcinoma. ? Paget's disease of nipple, 841
- Pityriasis rubra pilaris, 745
- Band, D., Dunlop, D. M., and Dick, I. L.**—Chronic pyelocystitis with particular reference to the ketogenic diet, 217
- Barber, H. W.**—Acrodermatitis atrophicans (Herxheimer), erythromélie of Pick, 498
- Hyperkeratosis of palms associated with a high blood uric acid, 497
- ? Lichen plano-pilaris. Case for diagnosis, 1548
- ? Lichen planus: case for diagnosis, 995
- Lupus pernio, case of, 1303
- Pityriasis lichenoides et varioliformis acuta, 835
- rubra pilaris, 833
- Pre-mycotic erythrodermia, 497
- Pseudo-pelade with lichen planus, 333
- Psoriasis, leucoplakia and black hairy tongue, 834
- Pustular psoriasis of extremities, 329
- Barbiturates**, as basal anaesthetics, use of, 161
- Barclay, A. E.**—Discussion on X-ray diagnosis and treatment of osteo-arthritis, 345
- Barnes, M. Broughton.**—Nodular swelling involving the whole of right vocal cord: case for diagnosis, 237
- Two cases of angio-fibro-sarcoma operated on by diathermy 8½ years and 4 years ago respectively, 907
- Barron, H. T.**—Squamous epithelioma, 751
- Basal** metabolic rate, high: exophthalmic goitre, 1545
- metabolism, calculation of, systematic error in, 1591
- Baths** in treatment of heart disease, value of, 539
- Batten, G. B.**—Discussion on pathological calcification and ossification in relation to Leriche and Policard's theory, 858
- on X-ray diagnosis and treatment of osteo-arthritis, 343
- B. bronchisepticus* in feline distemper, incidence of, 201
- B. coli* in feline distemper, incidence of, 200
- growth of, in ketogenic urines (tables), 230
- in urine, growth of, effect of alteration of pH. on, 229
- Beattie, J.**—Discussion on treatment of carcinoma of body of uterus by irradiation, 718
- Becontree Estate**, development of, problems of Public Health encountered in, 207
- infectious diseases in, statistics, 211
- Bell, A. C.**—Discussion on uterine inertia, 1499
- Bell, J. S. Yates.**—Total cystectomy for papilloma, 1211
- Beney, C.**—Bilateral cysts of maxilla with empyema of right maxillary antrum, 417
- multiple cysts of jaws with an empyema of left maxillary antrum, 417
- Bennet, E. A.**—Psychopathology of sexual perversions, 1080
- Bennett, R. R.**—Discussion in the new British Pharmacopoeia, 869.
- Bennett, T. Izod.**—Discussion on pathogeny of nephritis and its bearing on treatment, 292
- Benzene** poisoning, chronic, reported cases of, 1910-1931, 944
- "**Berlock dermatitis**" (pigmentation), case of 1306
- Bett, W. R.**—Hypertelorism with cleft palate, 1016
- Biceps** cubiti, rupture of, case of, 517
- Binns, H. W.**—Discussion on ventilation, heating and lighting of hospital wards, 1421
- Biological** assay, principle of, use in new British Pharmacopoeia, 862, 863
- Bishop, W. J.**—Autobiographies of British medical men, 398
- Bjerrum** screen, projection protractor for use with, 1040
- Blackwater** fever, hæmolytic in, 764, 765
- icterus in, cause of, 765
- Bladder** and upper urinary tract, dilatation of, without urethral obstruction, 485
- base of, carcinoma of (a) implantation of ureter into rectum; (b) complete cystectomy, 1213
- extensive inoperable carcinoma of; transplantation of ureter by Coffey No. 3 method, 1212
- infection of, from pyelonephritis, 218
- myoma of, case of, 481
- papilloma of, 1354
- Blastomycetic** ulcers, 178
- Blood** destruction and regeneration, physiology of, 766
- diseases and blood regeneration in Java, studies in (C. D. de Langen), 763
- pressure and blood-sugar, variations in during and after ether anaesthesia, 349
- regeneration of, impulse of bone-marrow in, 766, 769
- staining of cornea, case of, 606
- sugar and blood-pressure, variations in, during and after ether anaesthesia, 349
- rise of, in ether anaesthesia, relation to time of anaesthesia and amount of ether used, 348
- in relation to time and method of anaesthesia, 348
- Bone** formation; theories of Leriche and Policard, 854
- fracture of, dry, 68
- growth of, circulation in relation to, 59
- influence of function on, 59
- influence of heredity on, 58
- hyperemic decalcification, 854
- primitive, production of, 60
- response of, to stress (G. R. Girdlestone), 55
- our control of the cell, 66

- Bone**, response of, to stress, pathological interference with osteogenesis, 62
process of differentiation in, 60, 61
transplantation and creeping substitution, 68
undifferentiated, care of, 67
upkeep and repair of, cells concerned with, 57
- Bonney**, V.—Discussion on abdominal hysterotomy, 265
- Bovine** endometritis, pathogenesis of, 1205
species, venereally transmitted infections of, 1205
sterility, infection in genital tract in, incidence, nature and significance of, 1199
relative importance of the male as factor in, 1199
- Bowel**, gangrenous, due to mesenteric vascular occlusion, 593
implantation of ureters into, new method of (H. P. Winsbury-White), 1214
large, syphilitic ulceration of, 1053
- Brachial** neuritis, causation of, 1397
- Brahd**, F.—Anæmia with leucocytosis and high percentage of eosinophils: ? syphilitic pseudo-leukæmia; ? eosinophilic leukæmia, 1541
Congenital chronic duodenal obstruction with peritoneal bands, 1540
- Brailsford** J. F.—Discussion on pathological calcification and ossification in relation to Leriche and Policard's theory, 857
on X-ray diagnosis and treatment of osteoarthritis, 339
- Brain**, degeneration of, in chronic alcoholism (E. Marchiafava), 1151
- Brain**, W. Russell, and Cairns, H. W. B.—Observations on results of division of 8th nerve in treatment of aural vertigo, 689
- Brain**, R. T.—Lupus erythematosus replacing the lesions of erythema solare, 748
